REFERRED TO ENOSC West Coast ISSO.**

**Prepared By:**

NOSC WC ISSO

**Prepared For:**

TTGP Exercise Participants

**Date Prepared: Update**

08 Jan 2024

# 1 Purpose

The purpose of this guide is to assist **Exercise Participants** when submitting online account requests via the NSWC NETTN SAAR-N Action Tracker. Access to the NETTN\_REDOP is required to support all TTGP Fleet Synthetic Training (FST)

# 2 References

- DOD Cyber Awareness Challenge 2024 <https://cyber.mil/training/cyber-awareness-challenge>
- Derivative Classification Training: <https://securityawareness.usalearning.gov/derivative/index.htm>
- NAVSEA NATO Security Briefing: Please use training and certificate attachments provided in email template.

# 3 Scope

This guide outlines how to submit a request for new or modified access to NETTN networks, ranges, and systems. First time users of the NETTN SAAR-N Action Tracker must heed Section 4.2 below. Users who have previously logged a request using the tracker may skip over Section 4.2.

# 4 Instructions

## 4.1 Before Starting the Request

After the user has been instructed to request NETTN access using the Action Tracker, they should ensure they have the required material to complete the Action Tracker. Those items are:

1. Cyber Awareness Annual Training Certificate: **Per DOD / NAVY must be completed FY**
2. Derivative Classification Training Certificate
3. NATO Security Briefing
4. Appropriate security clearance
5. Direction to gain access from a supervisor
6. A supervisor's email address and contact information for the Command/Unit/Organization
  - a. If the Organization is a contractor, the user must have the contract expiration date and contract number.
7. An active Common Access Card (CAC)

With these items in the hand, the user may access the Action Tracker.

Use a Chrome browser to navigate to: <https://wwwdd.csd.disa.mil/cgi-bin/NAVSEA.pl>

- The Common Access Card (CAC) will authenticate the home page with DOD ID (Authentication) certificate.

Select **"NSWC NETTN"** in the Tracker list and select **I Agree** to the prompt to reach the NETTN SAAR-N Tracker site.

SAVE & ADD ACTION

#### 4.5 Next Steps

- After the request is submitted via the SAVE & ADD ACTION button, **the user will receive an email confirming** that the request has been added to the tracker and approved.
- To check the status of a request, access the SAAR-N Tracker via the following link. The user’s request will be the only entry visible.

[https://wwwdd.csd.disa.mil//navsea/mods/Tracker/?instance\\_id=260](https://wwwdd.csd.disa.mil//navsea/mods/Tracker/?instance_id=260)

- If the request was rejected for any reason, the user will be notified via an automated email. This email will ask the user to rework the request and include guidance.
- It is recommended that the user keep their supervisor informed. The user’s supervisor will be the best resource during this process, especially if the request needs to be

reworked.

- Any SAAR-N left in the tracker without activity on behalf of the user or supervisor will be deleted after 30 calendar days.
- C. Users have the ability to click top navigation items on the Tracker, but this functionality is not required or supported unless the user has Administrative Access to the Tracker.
- D. Once the user has received confirmation of their account is created, they should test their account access and confirm with their supervisor that this account request is complete.
